fur. Exhibitionism is a sexual activity in which occurs or
stimulates the senses of a person on display of their body
parts, masturbation, or sexual orgasm in vicinity of the
naked, but not the being shown (exhibit) in venue or
otherwise. The exhibitionist, of course, usually enjoys
the situation and has no intention of interrupting it.
Exhibitionism also has a range of interpretations,
including those of the body and sexuality, and the sexual
and/or sexual perversions that are associated with it.
