PDF files are used to present textual content and graphics in a manner that is viewable on a wide range of computer systems. Modern PDF viewers make it extremely easy to manipulate and view them. Adhaero Doc Reader Features: Adhaero Doc Reader for Windows is easy to use and can serve as both a PDF Viewer and Text Reader. The program has a fast and effective search function, the ability to print out a document on a plain paper and can navigate freely within a document easily. Adhaero Doc Reader has some limitations. There are certain things that cannot be read by this program, such as using the web by linking in hyperlinks, using embedded fonts, manipulating tables, etc. However, it can handle JavaScript and Flash, and that means the program can offer much more to the user. Each of the readable files can be opened by the program, but if they contain graphics and other images that need to be enlarged, that will not be possible. Adhaero Doc Reader is a good and inexpensive utility that is applicable for reading or previewing PDF files with protection. Adhaero Doc Reader is a special utility that can help you read the files that are protected with digital rights management technologies. In addition to that, this utility will also permit you to read those files that are protected with non-copy protection. Adhaero Doc Reader has an interface that is easy to use and has a simple and clean look. The interface may seem unusual for a utility that can open and read PDF files, but the program offers a good selection of features. Overall, this program will only work if the files that you are trying to open are truly, and only, PDF files. It can't open any other type of files. Adhaero Doc Reader is lightweight but also has a few limitations. Adhaero Doc Reader for Mac is a very easy-to-use PDF reader for Mac. This program has a user-friendly interface that permits the user to read PDF files very easily. Adhaero Doc Reader for Mac is built to work with Mac OS X 10.6 Leopard or later. It requires the Mac OS X 10.6 Leopard or later operating system. Adhaero Doc Reader for Mac can open most types of files that have PDF support. However, the program cannot open files with non-copy protection. Adhaero Doc Reader for Mac Features:
