which was partly based on Kazuo Koike and Kentaro Miura's manga of the same name, revolves around the acquaintances and friendships of a collection of mixed-race and brown-skinned cowboys. The original Japanese title is, literally "Yakuza doctor", named after Koichi Yakushiro, the main protagonist of the series, a mainly Caucasian yakuza that can also perform the feats of kenjutsu, hapkido, and other traditional yakuza skills. There are four other characters in the "horse doctor" group: Yuriko Yamaguchi, who frequently helps him in his troubles; Tatsuo Miura, an old yakuza who also works as a horse doctor; Hakumei Hara, a half-black woman who was yakuza in the past and is now a missing-person investigator; and Michisho Kuroi, a video game programmer who works at a company located in the same building where the yakuzas run their businesses. All of them are the actors of a group of yakuza who specialise in "horse doctors" and are invited to the ranch where they all reside for the summer. It has been licensed in North America by ADV Films, where it was released in four parts each with two episodes, covering up to the first half of the series. It premiered in the United States on Sky TV's Anime programming block, where it aired from January 24 to March 1, 2006, and later debuted on Cartoon Network's Adult Swim programming block from September 2006. It is now distributed by Discotek Media. Plot In the American frontier of 2050, the great country of Yakutia has disappeared.
