STORY

In the Lands Between, a peaceful and prosperous society has been established thanks to the Elden Ring that was created to maintain peace after the Elden wars. In other words, it is a world where harmony reigns between humans and NPCs. However, one day... A young man named Shigar confronts a man named Kinduk heildom, who has established a new kind of divine being called "old gods." While Shigar had the intention of learning from Kinduk about the old gods... A new child is born of the LoSI from the Lands Between: Shigar. While Kinduk watches closely, while Kinduk's divine protection ensures that Shigar will ultimately be liberated... Shigar is deemed a "player" by Kinduk, and sent to a Noble Elden lords' house. The daily life of Shigar is not a struggle, and his only duty is to do his best and train diligently as a little Eagle. One day, while Shigar is training, Kinduk appears before him...

Shigar cannot help but think that Kinduk is a foolish old god that has fallen to the lowest lower class, and does not possess the power and capabilities of the LoSI Divines... Shigar deceives Kinduk so that he can venture into the mysterious world of the LoSI divines, and learns about the mysterious world that he only knew through the Elden legends.
