

The Elden Ring is a fantasy action RPG inspired by the Monster Hunter series. Players will be able to hunt monsters as a lord (Elden Lord), collect hunting gear (Elden gear), and defend the lands they rule. In the world of Elden, the Earth is gradually collapsing into ruins, the land has gone corrupt, and monsters have invaded from the Land of Darkness. The Elden Ring exists as the last hope to restore the world. Acting as a lord in the Land of Elden, you will be able to live a life of adventure, fighting monsters, acquiring loot, and hunting rare monsters. As the title suggests, the game has a focus on hunting monsters. As you hunt monsters with your party, you will be able to collect a number of hunting items called Elden gear, which can be equipped to your characters. Combining the items into various combinations, you will be able to craft your own hunting equipment, and start hunting monsters. [1]About The Elden Ring Game ■ Features

"Lands Between, and the Erden Ring game it's based on, are prime examples of a more mature form of online action RPG that goes back to the days of classic JRPGs. If you are a fan of the genre, you will feel right at home here." IGN "The Lands Between is something that has been in the works for more than 10 years. The project started life as a tabletop RPG, but ended up as a sort of open world action RPG." GamerHub.fr "Given the amount of time that has passed since the game's initial announcement, it would be easy to think that the game had been forgotten. But it wasn't. In fact, it's one of the rare series of games whose development seems to have been uninterrupted." Game Chronicles "In conclusion, the game is worth playing for those who enjoy action RPGs, especially those who love those from the past." Nerd Doodles "The game is a delicious blend of the action-RPG genre and real-time strategy. The adventure through the different areas and the fighting off against monsters is great fun, and the real-time aspect makes the fighting experience more exciting." Polish Café Gaming "Each of the three zones have their own color theme and atmosphere, setting up the illusion of a real-life video game world and making you feel like you're actually in it." Play-Asia The mobile version of the game is available for free download in the Google Play store. © 2017 Nippon Ichi Software, Inc. NIS, Nippon Ichi Software America, Inc., and NIS America, Inc. Gameplay The game's story starts from the player's arrival at an ancient kingdom called Vasteel. It is said that in the time of a great catastrophe, only the descendants of the Empire, who were blessed with the Gods' favor, were left. Such an era came to an end, and only a legend remains. The rules of the Empire, which were so strict, required a form of loyalty to the Empire. The Empire's happiness was your happiness. As your ancestors, you are faced with a new challenge. Without a family, without even a name, the legendary Elden Ring, the sole way of travel between the Lands Between, is yours. So, you must set out on a journey from which you will not turn back. Becoming an Elden Lord in the Lands Between. 1. Rise, Tarnished. A great calamity has occurred in the past, but today, the way of the Empire is gone. In this age of chaos, only the Elden Ring remains. Tarnished with the sins of the past, it takes out its power over its user and envelops the user with its protection. Then, the ring expands the user's power, enabling them to become an Elden Lord. In this new world, the way to obtain the Elden Ring is also gone. There is no benefit from it and no way to obtain it in this new world, so the adventurers who do not have the Elden Ring are scattered. The terrain of the New World is also frightening. You are sure to fail when coming into contact with monsters. Still, adventurers who possess the forbidden power of the Elden Ring are rare. 2. Become an Elden Lord. As a guild master, you must create a guild, invite members, and accept strangers. 1. Establishing your Guild As a guild master, you can invite anyone you like to become a member. You can adjust the level of your members, select a name for your guild, and provide the requirements for membership. Once you have established your guild, you can start quests and engage in combat with monsters. 2. Taking Out the Forbidden Power of the Elden Ring By completing quest and quest, you will be able to obtain the power of the Elden Ring. To become an Elden Lord, your power must exceed level 10,000.

app-reviews 2,392 1 2 Imao #1 #Android Incredible 4.5 5 2 I'm really excited to be playing this game. The graphics are really nice. The world looks and feels real and there's so much to do. The game controls are smooth and the characters are beautifully created! I especially love the different weapons that you get and all the improvements they've made since the beta version... I've only played for 2-3 hours so far but there's nothing I don't like... It's really good guys. Well done! Great fun too :D Great! 4.6 5 2 Really looking forward to this game. 4.6 So far so good 4 5 2 Finally downloaded it on an Android phone. First impressions are really good, really well thought out and enjoyable. The characters are really sweet; the graphics are fantastic. Even the fantasy/RPG elements seem to fit really well, and I can't really fault the whole game. I'm enjoying what I'm seeing so far, and if it does what I hope, I hope others enjoy it too. Love it 5 5 2 This game is awesome. I love how the PVP is a dragon with different moves. The graphics are really nice. The control of the battles is awesome. If anyone wants to PVP in this game you can. You don't need to raid anyone. You can just fight them. Though sometimes if you are far away they won't be able to see you. But that's okay. The one thing I wish was changed is the interface when you

1. Install Game 2. Extract file ELDEN RING.sis using 7zip/WinRAR, install the game to your computer, and play it. At the first look of this PS4 or XBOX release, you'd think that it is just another shooter. However, we really loved the game. We found it extremely challenging, with quite good artistry and a simple but satisfying gameplay. Although we really liked the game, we were disappointed by the lack of an English version. This is a very good and unique shooter that deserves more attention. So, we decided to fix this issue and give you the English version of Gears of War 4 Premium for PS4, XBOX One and PC. However, it will be a premium version, so it will not be free. You'll have to pay a little bit to get it, but if you want to try it out, it's totally worth it. The version 1.1.0 with the multiplayer improvements is the one you need. Enjoy! 3.360 Rantings time - Feeling unfulfilled with bland, chaotic shooters? These five games will see the stresses of a stressful day eased, and for a better reward. PRIME Well, as expected, it's time for another update for 3.360.
