You are a child of Elden, the God of Magic, who has since left his realm and wanders the Lands Between. Just like humans, you live in a society and belong to a race with your own feelings and thoughts. However, the world surrounding you, which was once seen by Elden as beautiful, is now scarred by the actions of those who seek to perpetuate war and destruction. If you are ever blessed by the sacred glow of the "three shards of the Ring of Elden" and rule as the lord of the Band of Elden, the Elden Ring Cracked Accounts, you may have a chance to return to your homeland and seek out Elden. However, to take the Ring back, you first need to obtain the power of the shards, and acquire the strength needed to vanquish the Evil forces. The cult of Valknir and the Brides of Hiricine are ready to attack; they've already stolen a piece of the Ring of Elden. There are also people of malice who stand on the sides of the Cult, calling for an end to the Cracked Elden Ring With Keygen, and dangerous enemies who have no limits. Your life as a player character is filled with choices for you to decide. Through your interactions with other Elden Lords, you may have the chance to join together with others as you seek to restore the Ring of Elden and become the leader of the Band of Elden. The epic drama, "The Lands Between and Our Thoughts and Feelings," lives on. What will you do? New Fantasy Action RPG: Rise, Tarnished is a free-to-play, fantasy action RPG developed by Invenglobal.
