For those of you who have not heard yet, Adidas became a focus in the world of basketball. The Adidas brand is so popular that it even had a street in the United States named after him. Basketball shoes from Adidas are still the most popular and desired by people. Recently, one brand named Asics has also been trying to gain some fame. With the help of the basketball shoes, Asics can reach a larger audience. Asics Gel Lyte III-Gold has a black and gold design. It has the same color scheme as the classic model, but it also has a new technology called Dynamic Duo. What is Dynamic Duo? It is supposed to provide support for the lower leg, and it allows you to have more support in place during the stance. All over the upper areas, there is a new mesh design. It should make more ventilation while you are standing. Asics Gel Lyte III-Gold has a new rubber sole. All of them are made of Solid Rubber. Solid Rubber is the most durable rubber. It can last for a long time and can protect the shoes from damage. They are made of a mesh and solid rubber. This shoe is also equipped with a cool new design called the Dynamic Duo support system, which is a special type of gel pads that support the middle and lower parts of your feet. This is something that was not seen in the previous models in Asics. The 1st pair is the black and the 2nd pair is the gold.
