So after i have downloaded the file, how can i install it to a hdd having only 512mb disk space. Is there any way i can setup a backup partition for installation? Thanks :) A: As you don't have enough space to create a new partition, the best choice in this case is to just use the DVD image file to create an installation of Windows XP. The best way to do this is to use this software to burn the image, Super Iso. // Copyright (c) Microsoft Corporation. Directx: 11 DX 11 11892.Bank worker tells of 'offensive' comments A Bank of Ireland worker has described an incident at work last Wednesday when a senior manager told another woman that she looked like a "street whore". Violet Costelloe said she was left shocked and embarrassed by what had happened, but said she would not take the incident lying down. Ms Costelloe who works in the Dublin head office of the bank, was sitting with her colleagues in the main branch. She said it was her turn to go to the teller's counter when the senior manager involved walked up to her, put her hand on her breast and made the statement. Ms Costelloe said: "This was the second time I saw this manager. I was at the teller's desk when he walked up to me and put his hand on my breast. I was quite shocked, and I said 'are you touching me?' He turned around and looked me straight in the face and replied, 'I want to touch your breasts', and said it in a very sexual manner. "He looked over his shoulder. I put my hands up to my face and walked away. There was no awkwardness, it was almost like he was doing something to be sociable and wanted to be friendly with me, but it was a joke and he was being offensive. There was no genuine passion behind it and he didn't look at me - just at my breasts. I

didn't think
