| Q: How do I crop out a photo to a rectangle with lines? | --- | --- | --- A: **Create a rectangle object** and duplicate it as you would any other object. Position the object so that it has lines that will guide the crop — lines that are parallel to the edge of the photo (generally top and bottom) and lines that are parallel to the sides (generally left and right). Position the image on a blank background and be careful not to place the lines outside the image. This will keep the cropping frame within the image. Remove the duplicate object from the Background layer. You need only the crop frame, not the original frame. | Q: How can I protect the layers in my file? | --- | --- | --- A: To protect the layers, you can set the layers' **visible** properties to 'locked'.** This means that you can no longer edit any of the content on any of the layers in the image. When you're finished with the image, you can change the properties of the layer or layer group to 'visible' to unlock the image and start editing again. You can also set the 'locked' property back to 'visible.' To protect your layers, set the visibility of the layer or layer group to **locked.** This will prevent you from editing any content in that layer or group. To unlock the layer or group, change the **'locked' property to 'visible.'** If the layers are visible for editing, and you then protect the image, you can select the Visibility/Lock option from the Layers panel menu (Figure 1.2).

to sign it and not the person to whom the trust is given," and that under such circumstances, "the giving of a power of appointment" to the beneficiary "appears to be a delegation of the power of revocation." We find no decisions that deal with a question of a donor in the fee simple making a charitable bequest, leaving the remainder of the property to a decedent who has renounced the bequest, but it is plain that § 35-20-2-4, N.D.C.C., should control in the situation here presented. Chaney's power to revoke is a spendthrift provision. It provided that the income from the entire trust estate shall be paid, in whole or in part, to the person at any time domiciled in the United States who shall request payment of all or a part of the same. Chaney's renunciation did not deprive him of the power to revoke the trust. In accordance with this opinion the judgment of the district court should be and is reversed. ERICKSTAD, C.J., and PEDERSON, VOGEL and SAND, JJ., concur. NOTES [1] The only substantial difference between § 35-20-13-1, N.D.C.C., and § 50-20-15.1, N.D.C.C., is that the latter does not require the revocation of an *inter vivos* trust to be in writing. 1. Field of the Invention The present invention is directed to a guiding device for a garbage container in the area of a primary garry's bin located in a recycling facility, including an auger conveyor projecting into the primary garbage container, a mounting for a feed line, particularly a free-turbine or other fan, generating an air current in the area of the primary garbage container, and a device for guiding the garbage container, which is generally pivotable between a horizontal position and an inclined position. 2. Description of the Related Art A guiding device of this type is known from EP 0 942 967 B1. In the guiding device disclosed in this reference, a garbage container is guided through a deflection ramp by a hand-operated carrier. In order to force the garbage container into the deflection ramp, particularly of a recycling facility, the carrier is located adjacent to a conveyor rotatable about a vertical axis in the area of the garbage container. What's New In?

It's summer. You're bored. You could be spending every day obsessing over the latest bird-catching app, wondering when your vacation is going to start, plotting your end-of-summer reading list, and wondering what the hell you're going to spend the last two weeks of this miserable month doing. But, I have a suggestion: check your NYC real estate web sites and make plans to move there. This city is out of control. The Hamptons are a four-hour drive. New Jersey is the same. And if a hurricane goes through, that's another night of car rental before you can reach the city. Plus, this city is stunning. It's not a bad move, at all. This city, and all of its lovely neighborhoods and exciting new parks, new buildings, new restaurants, and new bars, is waiting for you. But, you know, if you don't get off that train station, what's going to happen? 1. Why You Should Move to New York City This Summer You're going to need an apartment. If you plan to spend the month of July in Manhattan, here are three things you absolutely need to keep in mind while your apartment hunting: The girls don't all live together You need an apartment that's big enough to house two roommates, and that means \$2,000-\$3,000 on a two-bedroom apartment in Midtown or on the Upper East Side. If your roommates aren't at least a little introverted, the first thing they'll do when they move in is turn off all the lights in the apartment and lock the windows and doors. This is, and only this, is going to be tolerable for the first one or two weeks, and it's what you'll be enduring every day, probably with your new best friend, Chloe. But after the first two weeks, or after the first month, when the girls start fighting over who's going to do all the dishes, that's when all hell is going to break loose. It's going to be hell, because there's no way you're sharing the space you paid for with people who don't like the same things as you. It

System Requirements:

You are required to install Photoshop CS5 on your computer. Photoshop Creative Suite 5 (CS5) will be available on the Apple App Store and Google Play for Android devices beginning on January 15, 2013. Photoshop CS5 has been tested with Macintosh computers running OS X v. 10.7.5 and higher. We are still in the testing phase with Windows-based computers. The PlayStation® 3 computer entertainment system (PS3™) is not compatible with Photoshop CS5. Adobe is not responsible for lost or damaged content created using Photoshop CS5. E
